Vice President

**RE: Technology Plan Approval**

Betty Peters  
District II

Congratulations! This letter serves as official notification that your system's Technology Plan for the 2009-2010 school year has been approved and filed with the Alabama Department of Education. Your Technology Plan meets the standards and criteria required by the Alabama Department of Education.

Stephanie W. Bell  
District III

As a certified Technology Plan Approver by the Universal Service Administrative Company for the Schools and Libraries Program, the Alabama Department of Education also certifies that your Technology Plan meets the five required elements for the E-Rate Funding Year 2010-2011, covering specifically for E-Rate purposes, the period of July 1, 2010 through June 30, 2011. Please keep this letter as official documentation for the Schools and Libraries Division (SLD). Although your Technology Plan has been approved, remember that E-Rate rules require a level of consistency between an LEA's Technology Plan and E-Rate funding requests. E-Rate funding requests are not subject to review under our approval process; therefore, it is your responsibility to ensure that your E-Rate funding requests are consistent with your Technology Plan submitted to the state.

If you have additional questions concerning your system's Technology Plan, please contact your regional technology specialist at the Alabama Department of Education, Technology Initiatives Section, at 334-242-9594. Thank you for submitting your technology plan to the Alabama Department of Education. We appreciate the time and effort that went into this project and hope that you will see its benefits during the coming year.
