

July 24, 2020

MBS Family,

As we mentioned yesterday in our communication, we have revised our 2020-2021 school reopening plan. The [modified plan is now available](#) on our website and includes significant changes to our instructional offerings and operations.

After reviewing this plan and determining what's best for your family, we ask that you let us know by the end of day on Wednesday, July 29, if you are interested in enrolling your student(s) in the full-time virtual option. You can do that [at this link](#).

We will continue to study and revise our plan as necessary. Thank you so much for your patience and understanding.

Sincerely,

Dicky Barlow, Ed. D.
Superintendent
Mountain Brook Schools
