

June 26, 2020

MBS Family,

Today State Superintendent of Education Dr. Eric Mackey released Alabama's Roadmap to Reopening Schools for the 2020-21 academic year. Links to the [full plan](#), [parent's guide](#), and [press conference](#) have been posted to the Mountain Brook Schools website. When school begins August 11, Mountain Brook Schools will offer in-person and remote learning options. More details will be shared in the coming weeks as the school system uses the state's guidance to craft a reopening plan that prioritizes safety and ensures the continued provision of an effective, challenging, and engaging education for every student.

Thank you for your patience and understanding during these ever-changing times.

Sincerely,

Dr. Dicky Barlow  
Superintendent  
Mountain Brook Schools
