

Cherokee Bend Expected Behaviors

Dear Parents,

Spanish is an engaging class with real world benefits. Disruptions take away from the ability to teach as well as the ability to learn. In order for each student to fully benefit from the Spanish learning environment, below are the expected behaviors in the Spanish classroom:

- 1. Responsible- Am I being safe?**
- 2. Ready- Am I doing my best?**
- 3. Respectful- Am I valuing myself and others?**

Failure to meet these expectations will result in the following procedures:

- 1. Verbal warning**
- 2. Take a break. Separate from the class and reflect on the expectations and how to better meet them.**
- 3. Communication with the classroom teacher and with the parent.**
