

MASTER MINDS

SKILLS THAT DEVELOP SUCCESSFUL STUDENTS

Join the Master Minds class (study skills and homework club) and give your child the tools they need to excel academically! This interactive and engaging class is designed to help students in grades 5-6 develop effective study habits, improve organizational skills, and master homework challenges.

What your child will gain:

Proven study strategies, time management skills, test preparation methods, homework completion strategies, and increased confidence and independence

Class Details:
